### BEFORE THE GETAWAY:

You will need to follow **CUTTING DIRECTIONS** on page 4 of On A Roll Again and cut out everything **BEFORE** the Getaway. This will save you a lot of time **AND** it is sooo much easier to cut at home at your own sewing space. PLEASE pay attention to the cutting directions. Some of the cutting tells you to cut the 2 1/2" strips down to 2 1/4" wide....so read carefully.

I always have a few students who want to start sewing **BEFORE** the getaway. I need to remind you that it is very important that you use a 1/4" seam allowance **AND** to measure your strip sets before cutting them. The strip sets must measure 5 3/4".

See you in OCTOBER!
