## Before Class:

...Fringy-Edged Applique Stars – **Please do steps 1 – 6 in the pattern** so we will have more time to sew. Please don't go any further...this will make us all start at the same step in class. I am looking forward to meeting all of you!

**Class Tip:** When you cut out fabrics before a class **ALWAYS** bring your leftover fabrics to class, just in case you made a cutting error...
